The Gannon Family, MetroHealth and US Communications and Electric, Inc. are proud to present the 13th Annual Jack Gannon Memorial Golf Tournament.

John A. Gannon was a former trustee of MetroHealth, a Cleveland fire fighter and the President of the International Association of Fire Fighters. He was an advocate for trauma and burn victims.

We are extremely gratified by the ongoing success of this event, which directly benefits the John A. Gannon Burn and Trauma Center at MetroHealth Medical Center. We know that Jack would be very proud of the \$230,000 plus that the event has raised to date.

In the past, funds have been used for the care of recovering burn and trauma patients, the Center's Image Enhancement Clinic, and the summer and winter Burn Camps sponsored by Aluminum Cans for Burned Children. This year's proceeds will be used to provide wrap-around support services for adult burn victims and their families, and will help MetroHealth continue their legacy of care for those who need it most.

Registration information is available by calling 216-778-7525 or sending an email to espeer@metrohealth.org. We hope that you will join us at Bob-O-Link Golf Course on July 23, 2010 for the golf tournament or for the post-event banquet.
